

FIBER 2000 W - 2014

Manufacturer: **FIBER**

Type: **2000 W**

Year of manufacturing: **2014**

Parameters: **6000x2000 mm, 2000 W**

Description:

- IPG source, 4x 500 W = 2000 W laser cutting capacity
- optical system
- cutting thicknesses 0,5-12 mm for standard carbon steel
- table 2000x6000 mm, two tables
- X move: 6000 mm
- Y move: 2000 mm
- Z move: appr. 200 mm
- under power, can be inspected in running condition
- used condition as showed on photos
